- < 3 skid dim cm 540x210x160 tons 44 each
- < 1 case dim cm 400x310x290 tons 31
- < 1 case dim cm 805x365x350 tons 49
- < 1 case dim cm 830x330x375 tons 49

OTIM is a project cargo specialist for large and out of gauge project cargo. We handle an extensive range of project cargoes from large construction engineering plant, machinery and large construction items, dismantled factory components, storage, packaging and transport. Through its comprehensive range of market knowledge, services and partnership links, OTIM offers complete end-to-end project cargo solutions from collection to delivery, and assembly and dismantling.
